Parents and carers invited to join SEND webinar on speech and language provision

Warwickshire County Council is hosting another special educational needs and disabilities (SEND) webinar on Tuesday 19 July on the topic of Speech and Language Provision.

There can be many reasons why a young person may have a Speech, Language and Communication Need (SLCN). It may be due to physical difficulties such as a cleft palate or a hearing impairment, or it could be linked to other developmental conditions such as Autism. In some cases, there is no obvious cause.

Whatever the reason for a SLCN, it's important that children and young people receive timely support to improve their overall development and educational outcomes. This webinar will provide parents and carers with a better understanding of the different levels of speech and language therapy support and how to access this for their child. It will also be an opportunity to share feedback on the current provision to help inform and improve future support across Warwickshire.

The webinar takes place on **Tuesday 19 July, 1pm - 2pm** and you can register to attend at: <https://bit.ly/SpeechLanguageProvision>
