# CUP PHONE

## You need:

- 2 paper cups.
- Piece of string (long!).
- Sharp pencil.

## What to do:

- Poke a small hole in the bottom of each cup with the tip of your pencil (DON'T MAKE IT TOO BIG!)
- Push the end of the string into the cup and tie a few knots to stop it coming out.
- Stand far enough apart that the string is tight.
- One person hold a cup to their ear and the other speak.

## Natural Bubble Wands

Find some Y sticks or bendy sticks. Attach some string across the top or tie into a circle. Dip into the bubble mixture. Then blow, twirl, run and see the bubbles appear.
